Board Heads To Attend S.F. Meeting

Although fathers legally may be drafted Oct. 1, it is not likely any fathers in Redwood City-San Carlos-Belmont Selective Service Board 106 will be called during the month of October, Chairman Arthur V. Swift declared this week.

"We want to keep away from drafting fathers as long as possible," Swift said.

He said he believed the Redwood City board would not have to draft fathers in October "unless the quota is greatly increased."

Members of the board—Swift, Pat Frayne, Wilbur Dossie, Lindsey P. Gray and John H. Poole—and Clerk George F. Paul will attend a meeting Saturday in San Francisco at which Maj. Gen. Lewis B. Hershey, national director of selective service, will explain rules for drafting of pre-Pearl Harbor fathers.

It was believed that General Hershey will take up with state and Bay Region draft officials the problems of draft deferment for men in shipyards. Any change in policy would have a direct effect upon the drafting of fathers.

Swift said he did not know whether or not draft board officials would be given a chance to express their sentiments in regard to the manning table system. Swift and other draft board members earlier had protested the manning table system by which industry is able to obtain deferments for young single married men through state draft headquarters intervention.

Swift said there were many things "we would like to have clarified."

Belmont Pilot Wants Crack at Nazis

BY MARION BELL

BELMONT—Second Lt. Donald E. Nelson, bomber pilot home with about 75 pieces of shell inside of him from a 20-millimeter cannon shot from a Jap Zero, says he hopes to be sent to the European front next because he thinks the Nazi is a more formidable foe than the little Nip!

Lieutenant Nelson, son of Mr. and Mrs. Earl Nelson, 800 Laurel Ave., flew for 10 months in the South Pacific, participated in the raid over Wake Island last Winter and was wounded in a bombing raid over Nauru in the Gilbert Islands.

The Liberator crew of which Nelson was co-pilot had hit all targets and was busy disposing of a swarm of Zeros when the young flier was hit, Nelson told today. "I was back taking pictures of the damage we had done when we ran into a bunch of Zeros. It was like kicking over a beehive," he said.

The shell fragments landed "in his lap," Nelson said. One gun-

LT. DONALD E. NELSON

ner was killed and five members of the crew injured. Then almost everything that could go

wrong with the ship went wrong except the motors. The rudder was hit, the hydraulic system wrecked. The bombardier was busy splicing cable. "We really had to nurse it along." Yet the ship flew back to her home base, landing gear was cranked down by hand and when the boys counted up there were 590 holes in her. "That speaks pretty well for American aircraft, doesn't it?" the quiet-spoken young lieutenant said proudly.

Lieutenant Nelson, a modest young man who went to Sequoia High School and San Jose State College before joining the air corps, has little to say about his own part in heroic raids against the Japs, doesn't mention the fact that he has an Air Medal and the Order of the Purple Heart, but says he is "itching to get back."

Nelson was one of three who were hospitalized after the Nauru raid last April. The others went out again and never came back. The lieutenant thinks they

could be on one of the beautiful little atolls that abound in that part of the world—hopes so—he had flown with them for 10 months.

The islands and the coconut groves are beautiful, the fishing is wonderful, the surf riding a thrill, but the centipedes and the scorpions and the mosquitoes nullify the advantages, according to Nelson. The men used insect spray constantly—always took their beds apart before daring to get into them. At that, one unlucky soldier was bitten 27 times by a foot-long centipede before he got rid of the creature and went to the hospital as a result. And it's hot, sticky hot. Clothes hung up for no longer than two days are covered with mold, Nelson said.

After five hospitals, Lieutenant Nelson came home to Letterman Hospital, was sent to Modesto and now claims he is "fine" but tired of convalescence. The thumb on his left hand was partly shot away and Nelson pointed out red spots in his right palm where tiny bits of steel are imbedded. They come to the surface like splinters, he said.

Although the Jap is "cagey," man for man the American is a far better fighter, Nelson thinks, and for that reason he would like a chance to tangle with the Nazis next time. He only hopes it's soon.

Belmont Man Killed In Auto Crash

SAN MATEO—James W. Durham of Belmont, met death Wednesday morning in San Mateo when the car he was driving struck a garbage truck, careened across the highway, and crashed into a roadside building. Durham died instantly, his car completely demolished. Two windows were broken and a wall crushed in a bar at 2010 El Camino Real, just north of Belmont, police reported.

The accident occurred at 5:30 a.m., a few minutes after Durham had left the boarding house where he lived and started out for a Peninsula shipyard where he was employed. He had proceeded as far north on the highway as 21st St., police said, when he met the garbage truck coming onto the highway. The truck was driven by Louis F. Croaro, 711 So. Grant St., San Mateo, with whom, as passenger and only witness of the accident, was Louis Daroni, Piedmont Hotel, San Mateo.

Home Nurse Class Remains Open

SAN CARLOS—Persons interested in taking the new home nursing course which started last week may register now with Mrs. F. G. E. Lange, chairman for home nursing. The course is given in the fire house on Thursday evenings under the instruction of Mrs. R. J. Scott.

The knitting branch of the Red Cross reports there have been 35 knitters during the month, completing 81 garments which include all kinds of knitted articles for the navy. Some of the wool was donated, and the finished articles represent 813 hours of work. Mrs. Robert Dyer Jr., chairman of Red Cross, announced.

In the sewing room 30 women, working a total of 513 hours, have made 35 garments which include hospital pajamas and children's rompers.

Mrs. R. B. Fodrea received her bar for a year's work in Red Cross recently, while Mrs. Harrison B. Williams became a sixth time blood donor last week.

County Lists 43,829 Autos

The Department of Motor Vehicles announced today that 43,829 automobiles were registered in San Mateo County during the first six months of 1943.

Other registrations for the county were announced by the department as follows: 2336 pneumatic trucks, 219 motorcycles, 1 solid truck, 25 solid trailers, 1825 pneumatic trailers. There were 2,418,744 registrations throughout the state.

High School Tax Rate To Increase

Planning for Sequoia Union High School's postwar building expansion on a pay-as-you-go basis, the trustees this week approved a budget of \$492,008 including an addition of \$32,848 to the building fund. The building fund item plus salary increases for teachers and other employees will raise the tax rate an estimated 10 cents.

A. C. Argo, superintendent, pointed out that since 1935-36 all improvements and additions have been financed from accumulated funds rather than from bond issues. The last bond issue was for earthquake-proofing. In 1928 the school also resorted to bonds to finance major additions to the shops and main wing.

Although the district has a \$50,000 balance in its building fund, construction of needed gymnasium, dressing rooms, shop buildings and classrooms will be delayed until building costs reach a lower level.

The building fund items will account for 8 cents of the tax rate increase, Argo said. He estimated the 1943-44 rate at 60 cents. The budget for current expenses is \$409,152, which is \$7704 more than last year.

The high school district, with an assessed valuation of about \$42,900,000, will contribute \$245,914 of the budget of nearly half a million. The remainder will come from a cash balance from last year of \$89,091 and approximately \$154,000 from state funds.

Only capital outlay item in the budget is \$4212, a reduction of \$2911 from last year.

The school board elected two new teachers: Miss Lavone

WAR CHEST: County Starts Campaign Early in October

San Mateo County's war chest drive for funds will begin early in October with prominent Redwood City residents lending a hand in the campaign to raise funds in a unified effort for 16 war relief agencies.

Foremost of the war relief agencies which will be among the war chest's beneficiaries are the USO and American War Prisoner's Aid.

Instead of paying into each agency separately, the war chest drive facilitates matters by making financial allowance for all of them.

Hanna, doctor of education from Stanford who will teach social studies and English, and Clarence Wyatt of Oklahoma A. & M. College, a mathematics teacher.

The board accepted the resignation of Reginald L. White, signed up in the Spring but who transferred to Stevens College. Mrs. Mauricia Richardson, typing instructor, was granted a year's leave.

Chief Dep. Dist. Atty. Louis B. Dematteis, a resident of Redwood City, is a member of the war chest organization's executive committee and also heads its speakers' bureau. Miss Pansy Jewett Abbott, another Redwood City resident, county superintendent of schools, is also listed on the executive committee roster.

County Treasurer A. H. Sagehorn of San Carlos is treasurer and Mrs. M. M. Bell of San Carlos is named district chairman in that city.

E. H. Crossgriff, Burlingame attorney is county chairman of the war chest with George Lagomarsino, Colma, as vice chairman and Capt. Lorne G. McAloney, executive secretary.

IT TAKES A Specialist's SKILL to repair APPLIANCES

YOUR APPLIANCE REPAIR DEALER is an important man to know these days. He tries to keep as many replacement parts on hand as priorities, allotments, etc., will allow him. He has studied appliance repair, equipped his shop with the parts and repair tools needed to keep your home appliances operating efficiently for the duration.

Just think now! What on earth would you do if your heating system quit cold...if your washing machine stopped work in the middle of a washing...if your vacuum cleaner decided it was through working for you...if your refrigerator got temperamental?

Any one of these happenings would give you a bad day. But fortunately you can do two things about it:

First, you can help avoid such annoyances by proper care and use of your appliances. Use them without abusing them. Keep them cleaned up regularly for more efficient operation. Keep them oiled according to instructions.

Second, when appliances go dead, call the "specialist in repair." He is your authorized appliance repair dealer. Each office of this company has a list of these men. Call your local P. G. and E. office when one of your home appliances breaks down and you don't know where to have it repaired.

Duration-ize
your appliances
with timely repairs!

Gas and Electricity are Vital in War Production even though they are not rationed and are cheap to use—do not waste them!

P. G. & E. PACIFIC GAS AND ELECTRIC COMPANY

S.C. Man Escapes Train Death

Russell C. Lane, 46, 2225 Carmelita Dr., San Carlos, narrowly escaped death at 6:45 a.m. Tuesday when he slipped and fell as he attempted to board a moving northbound train at San Carlos.

Lane's left leg was badly lacerated, aides at Mills Memorial Hospital in San Mateo, where he was taken, reported, but there were no broken bones. He suffered from shock, but his condition was reported as fair.

San Carlos police said they found no witnesses to the accident, but they theorized that Lane tried to board the last coach of the San Francisco-bound train as it was pulling out of the station when he fell and apparently was struck by the rear wheels.

Lane's wife told police her husband left home a "little late." Lane never lost consciousness, police reported.

Numerous commuters catch that train, police said, but since Lane attempted to get on it after it was pulling out, it was believed San Carlos commuters already were on the train. The train stopped. Two other northbound trains and one southbound train were delayed from 15 to 20 minutes because of the accident, police reported.

Lane is purchasing agent for Purity Stores in San Francisco. He and his wife have lived in San Carlos one month.

Masons To Observe 80th Anniversary

H. W. Potts, master, announced today that the Masons will observe the 80th anniversary of the founding of Redwood City Lodge 163, F. & A. M. on Aug. 26. Delegations from Peninsula and San Francisco lodges will be entertained.

Masonic Temple will be opened at 2 p.m. for visitors, and arrangements have been made for auto trips through the area adjacent to the city. Potts said. Members and guests will meet at the lodge room at 6:30 p.m. for dinner, and a program will be presented at 8 p.m.

Lawrence A. Heiner, past master, is chairman of the arrangements.

Supervisors Pass Ordinance Setting Up New War Council

A San Mateo County War Council was set up by an ordinance passed by the board of supervisors Tuesday to replace the San Mateo County Civilian Defense Council.

Main effect of the change, recommended by state authorities, is to co-ordinate efforts of the organization, Supervisor Edward R. McDonald explained. It solidifies and simplifies the activities. Several committees are eliminated by the change.

Earl P. Wilsey will remain as head of the organization, McDonald declared. The ordinance sets up a department of civilian defense, consisting of a war council, a U. S. Citizens Defense Corps and a U. S. Citizens Service Corps.

The war council will consist of a member of the board of supervisors, county executive, district attorney, director of public health and welfare, agricultural commissioner, a representative of the city government of the county, the commander of the U. S. Citizens Defense Corps, director of the U. S. Citizens Service Corps and a representative of the American Red Cross.

Appointments will be made by the supervisors.

The war council is to prepare and adopt plans, amend existing plans and co-ordinate all programs relating to community and civilian war effort; initiate, co-ordinate and direct activities made necessary by the war which directly affect the county government or require organized community action.

The chairman of the war council may employ a director of civilian defense, the ordinance specifies. It shall be his duty to co-ordinate the civilian defense and war service activities, and all other war council activities connected with the present emergency, subject to the general direction of the chairman of the council.

County Treasurer A. H. Sagehorn and County Controller Thomas J. Kane recommended that the county borrow \$650,000 on tax anticipation notes to meet demands made upon the treasurer's office for the 1943-44 fiscal year until taxes applicable to such demands are available. The board favored the recommendation but postponed action until after the tax rate is set.

Asst. Dist. Atty. Daniel E. Sullivan informed the board that the government has leased the Roger Reynolds Nursery property in the unincorporated area between Atherton and Menlo Park for a trailer camp for carpenters working on the army hospital on the Hopkins estate. He said the lease was for a 60-day period. Sullivan said he was working on a "new angle," but had nothing for publication. Residents of the two towns had objected to the camp.

Board Asks Settlement

San Mateo County Board of Supervisors has asked the county civil service commission and County Executive Frederick Peterson to hold a meeting to iron out their differences over the county employees' salary scale.

Peterson, in a letter to the supervisors, charged that favoritism had been shown Chief Dep. Controller Ira A. Boynton, son-in-law of L. G. Owen, chairman of the civil service commission, over other deputies. Peterson earlier had demanded that the commission explain the salary ranges for chief deputy county officers.

Supervisor Thomas L. Hickey contended that since Peterson is an ex-officio member of the commission that he should attend the meeting and thrash out his differences with the body there. Supervisor Alvin S. Hatch said it wasn't fair to the commission for the board to wrangle with it.

"We have confidence in the commission," he said.

San Carlos School Trustees Approve \$93,041 Budget

A tentative San Carlos School budget for the coming year, totaling \$93,041, was approved Monday at the public hearing conducted by the board of trustees at the school, Miss Ruth Melendy superintendent, announced today. No protests were recorded.

The proposed amount is \$16,577 more than the tentative budget for the preceding year. The increase resulted from the influx of costs and enrollment. Miss Melendy pointed out. She described the increase as being "conservative" and "reasonable."

The budget will now be returned to the county office, to be put into its final form and will be finished at the end of this month when the office closes its books.

Since the budget is tentative until the books are closed, the tax rate cannot be set, Miss Melendy said. Because of the higher provisions of the budget, however, the rate will show a slight

SAN MATEO ROW: Council Again Backs City Attorney

Ernest Wilson was still San Mateo's city attorney today, and it appeared he would continue to be despite charges brought against him by Councilmen Edward Reilly and Creed B. Haberlin, following a meeting that saw Wilson answer his accusers, and everybody on the council have something to say on the matter.

By the 3-to-2 vote that has

supported Wilson through four previous ouster moves, the council last night moved to accept Wilson's written reply to the charges and "the matter be dismissed from the council." Councilman Richard T. McAllister and Mayor Claude J. Hirschey supported Councilman A. W. Deuel in this attempt to bring to a close the highly controversial matter over which the council has been split for the past two months.

The matter was opened this week when the clerk read a three-page report from Wilson, replying to councilmen's charges that he had used his office as city attorney to benefit from tax reductions on Lot 9 of the Studio Tract through a bond refunding program he had drawn up and presented to the council. He pointed out that (1) he had drawn up and presented the bond refunding legislation; (2) that he does have an interest in Lot 9; (3) that Lot 9 would stand to benefit financially from such a program, through reduced taxes spread over a 15-year period, as would other lots in the tract; (4) but that on June 10 he told the clerk he did not propose to claim the benefits that would accrue to the lot under the refunding program.

Legion Extends Record Drive

Vernon L. Roberts, chairman of the phonograph record drive which the American Legion has been sponsoring, said this morning that the Legion had decided to extend the drive for two more weeks. The drive was to have closed last Saturday.

So far, Roberts said, he had packed and shipped about 300 pounds of records and had taken 250 good records to nearby army hospitals. Good records, he said, are turned over to the hospitals. Worn and new recordings put on them, after which they are shipped out to U. S. soldiers all over the world.

He reported that one generous donor gave him 1500 records and a phonograph along with them. Mrs. Jack Strand came into the office of the Redwood City Tribune Saturday and left 50 records.

Bookmaker Admitted To Probation, Fined

SAN MATEO—John Petrini, 31-year-old proprietor of the San Mateo Billiard Parlor at Railroad and Second Ave., has pleaded guilty to a charge of conducting a booking and percentage game, and was fined \$350 and placed on two months probation.

The charge rose out of a raid the San Mateo Police Department made on Petrini's billiard parlor on July 14 at which time they accused him of running a horse race bookie shop.

In 1939 and again in 1941 Petrini was charged with violating the city's gambling ordinance and on each occasion paid a \$200 fine.

Forestry Service Extinguishes Fire

Three trucks from the San Mateo County Forestry Service answered a call to a fire in a paving contracting building belonging to Marshall S. Hanrahan on Midfield Rd. south of Redwood City shortly before noon Tuesday. Employees were putting wood in a boiler when fuel oil ignited and the fire spread to the wall and rafters. The blaze did about \$75 damage, firemen reported.

Divorce Suit Complicates M.P. Trailer Camp Situation

The situation involving establishment of a trailer camp on the Roger Reynolds Nursery property in the unincorporated area between Menlo Park and Atherton—an affair protested by residents and officials of the two towns—became more complicated

with the filing of a divorce suit by Mrs. Pauline Howard, widow of Roger Reynolds, against William H. Howard in superior court at Redwood City.

Asst. Dist. Atty. Daniel E. Sullivan said the new development complicates the situation because Mrs. Howard is the owner of the property and if her husband signed the lease with the army establishing the trailer camp, the lease may be invalidated.

Sullivan said an investigator from his office today is seeking to find the copy of the lease. Col. R. C. Buell, U. S. Engineering Corps, previously had disclosed that a lease had been negotiated by which the property would be used as a trailer camp for a 60-day period to accommodate carpenters working on the large army hospital on the Hopkins estate.

Sullivan told reporters that Mrs. Howard's attorneys had informed him that Mrs. Howard did not want a trailer camp established on her property and that it was her husband who was handling the deal.

Mrs. Howard charged in her divorce suit that her husband had taken possession of her automobile and typewriter, and "is usurping the rights of the plaintiff in and to all of the real property..." She alleged

Johnson Pleads Guilty to Assault

A charge of assault with intent to commit rape brought against James E. Johnson, 45, a truck driver living at 420 Cassia St., was reduced in Police Judge Edward I. McAuliffe's court in Redwood City Friday to a charge of battery. Johnson was sentenced to a \$50 fine or 10 days in jail. He paid the fine.

Johnson was arrested by Redwood City police July 17 after Mrs. Edna Ferrell, 24, of Middlefield Rd., a divorcee and mother of three children, charged he attempted to attack her. She told police she met Johnson at a tavern and that he insisted on riding with her when she drove home. She escaped from the car and called police.

The charge was reduced at request of Chief Dep. Dist. Atty. Louis B. Dematteis.

extreme cruelty.

Mrs. Howard said there was no community property. She listed as hers a home at 1124 Douglas Ave., Burlingame, and property at 1122 and 1126 Douglas Ave., the Roger Reynolds Nursery, Atherton Park Properties and Handicraft Shops & Weaving Buildings between Menlo Park and Atherton.

Mrs. Kleiser Wins Final Divorce Decree

A final decree of divorce was granted by Judge Maxwell McNutt in superior court at Redwood City to Genevieve Hart Kleiser from George W. Kleiser Jr., former executive of the advertising agency of Foster & Kleiser and now in the army. Mrs. Kleiser was granted \$350 a month alimony. In an earlier property agreement Mrs. Kleiser received \$2500 in cash and all furnishings, including silverware, china, rugs and other household

Councilmen Criticize Model Ordinance

A model ordinance which would prevent sale of electrical appliances not meeting required standards was presented to the city council Monday for discussion and drew criticism from several councilmen.

The model ordinance was presented to the council at the last meeting by a member of the

Pacific Coast Electrical Assn., who said other cities have adopted such ordinances. City Mgr. Robert W. Mead reported favorably on it as did Bldg. Insp. Laurie Duncan and City Atty. Paul McCarthy.

Councilman Chester C. Armstrong said if the city council were going to regulate sale of electrical appliances, it might as well start regulating sale of automobiles or any other products. Councilman Carl Britschgi said that such an ordinance would tend to "squash out the little

manufacturer." Mayor Granger said he would not like to act on such an ordinance until he knew how the merchants felt about it. On the suggestion of Councilman Walter Hilton the matter was referred to the merchants' division of the chamber of commerce.

Nominees from several Redwood City clubs for the Citizens Traffic Committee were accepted by the council. Named to the committee were Mrs. Charles Ryder of the Redwood City Women's Club; Norman Walsh,

Sequoia High School, Carl Ward and A. L. Robertson, chamber of commerce; Andrew Spinas, McKinley School; Mura Stille-son, Business and Professional Women's Club; Henry Witte and John Layng, planning commission and John Nordstrand from the Commuter's Club.

A resolution presented by City Manager Mead to charge title companies \$1 for searching titles to property was passed by the council.

The payment of \$1800 by the Redwood City Bus Line was put on the agenda for the next meeting.

Low Kelly Wins In Contest Finals

Low Kelly, 17-year-old Redwood City youth is the proud owner of a wristwatch as a result of winning a singing contest on Buddha's amateur hour, his mother said today.

Kelly also will be billed for a week's engagement at a San Francisco theater as part of his prize.

He appeared on the program June 12 and was picked as one of the three finalists. Last Saturday night Kelly won the final contest.

Midsummer garden plates

Now's the time of year to take a careful look at the fresh vegetables on the market, for varied menu inspiration. The ways you can serve these garden treats are almost limitless—and they do wonders for lazy appetites.

COMBINATION SALAD PLATE—A whole meal on one plate! Arrange shredded greens on large plates. Lettuce, other salad greens, or crisp, raw spinach may be used. In the center of each plate, place large tomatoes, hollowed out and filled with chopped egg, meat or chicken salad. Around the tomatoes, arrange a circle of chilled, cooked peas, then another circle of sliced, pickled beets. Pass the salad dressing separately. Hot cheese biscuits or toasted cheese sandwiches are delicious with this. And custard or pie fits in well for dessert.

MIDSUMMER PLATTER—At one side of a large, heated platter, place pastry shells filled with creamed, sliced, hard-cooked eggs and peas. In separate groups place mounds of sautéed shredded cabbage, broiled tomato halves and broiled fresh peach or apricot halves. Serve with toast or crackers, and follow with a fruit bread pudding.

HOT WEATHER SALAD PLATE—Place in separate lettuce cups, a generous serving of potato salad, chopped spiced beets and cottage cheese, and cooked green string beans. Garnish with cucumber and carrot strips. Serve your favorite dressing separately, and pass a plate of oven-hot muffins. Apple pie and cheese will polish this meal off.

GOLD AND GREEN SUMMER PLATTER—Starting on this menu is fresh corn fondue with chopped parsley topping. Accompanying are carrot slices in spinach nests and buttered, sliced, yellow squash. Serve relishes separately, and follow with fresh fruit in whipped gelatin.

GARDEN PLATE ARRANGEMENTS—Keep foods on garden plates either hot or cold. If you mix hot with cold, they all will be tepid. For hot plates, serve the salad or relishes separately. For rather juicy offerings, serve them in other vegetables, such as tomato cups, squash halves, lettuce cups, or cucumber boats. This will keep their juices from becoming too chunky with the other foods.

MORE GARDEN SPECIAL IDEAS—You'll find more delicious food ideas in Julia Lee Wright's article this week in Family Circle Magazine. It is entitled Victory Garden Specials... and real specials they are, too. Get your copy from your Safeway today.

R.C. Council Takes Action On Annexation

Red Feather Products Ltd. was virtually assured today its property will be annexed to Redwood City following action of the city council in passing a resolution of intention to proceed with the proposal.

Action was taken after Mayor Floyd D. Granger protested a charge made Monday by Councilman Evans Fletcher that there was subterfuge in the council's postponement of action. Said Granger:

"Not a member of the council is voting against annexation of Red Feather. All the council was interested in was finding out what property could be taken in before it voted on it."

The resolution will go into effect after it is published if there are no objections. The council could overrule any objections which are made, officials said, because most of the property involved is owned by the Red Feather Products Ltd.

Fletcher, commenting yesterday on the slowness of the council to act, said "Redwood City is running its bread and butter out of town." He said H. M. Carscallen, head of the company, had a "lucrative proposition in Los Angeles."

A petition for annexation was received by the council June 21. Action was postponed, however, until City Atty. Paul A. McCarthy could determine whether or not Abraham Frank, owner of adjoining property would allow part of it to come in along with the Red Feather Products.

"I don't see why we should be accused of being inactive," Granger said. "It appears to me there is something else behind this; some motive of personal gain." He asked Fletcher, "Do you handle the insurance on this business?"

Fletcher said he took care of the fire insurance, but insisted it was not a question of personal gain and reiterated that the council was slow.

Granger's stand was that the council was trying to get all the facts before acting. He said to Fletcher, "You took a crack at them and it wasn't justified." McCarthy reported that Abra-

Andrews Leaves \$5000 to Brother

Nelson Andrews, 72, 204 Whipple Ave., Redwood City, who died July 25 at Palo Alto Hospital, left the bulk of his estate to his widow, Mrs. Bertha L. Andrews. It was disclosed with the filing of his will for probate in superior court at Redwood City.

Andrews was part owner of the Bowes Andrews Ship Repair Co. in San Francisco. In his will dated June 3, he left \$5000 to a brother, Albert M. Andrews of Orange, Mass. He left his jewelry, personal effects, furniture and automobiles to his wife, plus a trust fund in Crocker First National Bank in San Francisco. His wife is to receive half of the interest from the trust fund; his son, Foster R. Andrews, 1340 Crane St., Menlo Park, one-fourth, and his son's wife, one-fourth. Value of the estate is unknown.

Firemen Extinguish Four Small Blazes

Redwood City Fire Department extinguished four small grass fires in the space of a few hours late Saturday afternoon.

Fire chief Mark Ryan said that none of the fires caused any damage. Two alarms came in at 4:16 p.m. when small patches burned at Arguello and D Sts. and on Lowell St. between Brewster and Hopkins.

A box alarm was turned in when a grass fire was reported at Laurel and Hancock Sts. at 6:55 p.m. Again at 7:42 a box alarm came in from Chestnut and Stambaugh Sts. Chief Ryan said the last fire prob-

ably spread from a burning incinerator. Cause of the others was not known.

Councilman Chester C. Armstrong said that he was opposed to bringing in any adjoining property because it was "using a legal blackjack to make a property owner pay extra taxes."

A resolution of intention giving notice of the proposed annexation was offered by Councilman Walter Hilton and seconded by Fletcher. It was passed over a "no" vote of Armstrong.

Herrscher Wins Home From Estate

Judge Maxwell McNutt in superior court at Redwood City Tuesday awarded the home and furnishings of Mrs. Fannie May Herscher at 1021 California St., San Francisco, with certain provisions, to her husband, Edmond E. Herscher of San Francisco.

The award was made with the provisions that Herscher protect the estate against any invasion of the rights of others by virtue of expenses of administration and of tax payment, and that he not dispose of any furniture alleged to have been removed from Mrs. Herscher's home on Floribunda Ave., Burlingame, pending action of the court.

Mrs. Herscher, in a will offered for probate July 8, 1941, left the San Francisco home and furnishings, valued at \$70,000, to Herscher. Mrs. Herscher died in San Francisco last Oct. 9.

F. S. Shuman, attorney for the Howard brothers, sons of Mrs. Herscher, argued that the estate would be damaged if partial distribution were made. He said that Herscher asked for all the estate, valued at \$220,000, with the exception of \$277,000, and there would be a federal inheritance tax against the estate of approximately \$700,000.

Henry Robinson, representing Herscher, declared that the estate could be distributed without damaging it, and that if it were damaged, any refund could be made by Herscher.

Agnes Danielson, 88 Floribunda Ave., Burlingame, an employee of Mrs. Herscher for about 12 years before her death, took the stand to testify that Herscher had ordered certain pieces of furniture removed from the Burlingame residence to the San Francisco home. Miss Danielson said that as far as she knew, Mrs. Herscher did not know the furniture had been moved. Attorney Shuman charged the Burlingame home was practically dismantled.

The Herschers lived in the San Francisco home during the Winter.

SAN CARLOS: Observers Complete 3-Weeks Course

SAN CARLOS—Concluding the classes in aircraft recognition conducted for the past three weeks by A. S. Kalenborn, a general meeting of observers was held Monday at San Carlos School. Kalenborn, who attended a meeting Friday between chief observers and the Fourth Fighter Command clarified points not brought up in previous meetings.

A group of observers enacted the procedure of reporting from the observation post through the filter center.

C. A. Phelan, chief observer of this area thanked Kalenborn for his work. Daniel St. George area supervisor for the southern part of San Mateo County, expressed his appreciation of the large attendance at the classes and of the interest shown.

Phelan called attention to a mass meeting to be conducted Friday night at the city hall by the Fourth Fighter Com-

mand in conjunction with the San Carlos Civilian Defense Council.

Butler Would Conduct Tours of City Plaza

If E. W. (Ned) Butler, chamber of commerce secretary-manager, had his way all Redwood City residents would be conducted on a tour through the grounds in front of the city hall to note the improved landscaping.

Butler points out that what was bare earth and shrubs before is now beautiful lawn bordered by a bed of "gorgeous petunias." Many visitors to his office, he says, have commented on City Manager Mead's improvements.

Butler says that his efforts to spruce up his own office with geraniums have not been appreciated, however.

Bank Starts Bond Drive

Local staff members of the Bank of America today were moving into an all-out war bond campaign in response to the stirring request of A. P. Giannini, founder of the institution.

Earlier this week Giannini had asked the organization to launch a campaign to sell a huge total of the bonds to individuals by the end of January next.

"In the 20 months since Pearl Harbor you have retailed to the public over \$300,000,000 worth of the E, F and G bonds," he told the employees. "This is an outstanding figure, but I want to see it doubled within the next six months."

James P. Hagan and J. A. Buhler, managers of the Bank of America branches here, said the response of the staff was immediate and enthusiastic. "Perhaps it is best expressed in an open letter addressed by

TRANSFER: Rev. Lyle Brock Moves Today to Stockton

Rev. Lyle Brock, who for the past three years has been pastor of the Free Methodist Church at Elm and Heller Sts., has moved to Stockton, where he will take over the pastorate of the Stockton Free Methodist Church.

The Stockton church has the largest Sunday School in the Northern California Area Conference. A big building program is now under way there.

Reverend Brock, who came to Redwood City from Fresno, will be accompanied to Stockton by his wife and two children, Evelyn, 13, who attended McKinley School, and Elvin, 10, who attended Central School.

Reverend Brock drove a bus for Sequoia High School during his three years here.

our statewide organization to more than 3000 Bank of America men now with the armed forces," said the local bankers.

REV. LYLE BROCK

Rev. H. A. Hammer of Turlock succeeds Reverend Brock in the Redwood City church.
